- OSD control with multi-language
- HDMI pass-through without latency
- Recording data rate up to 16Mbps/sec in MP4 format
- Recording audio via integrated microphone input
- Snapshot via remote control (IR)

Specification

Bit rate:

- ✧ Bit rate Max 16Mbps, Min 4Mbps, default 10Mbps

Recording file size:

- ✧ Max 2GB, new recording file generated automatically after each 2GB recorded

Video Resolution:

Input	4Kx2K (3840x2160 30p), 1920x1080 (60p, 50p, 25p, 24p, 30p, 60i, 50i), 1360x768 (60p), 1280x1024 (60p), 1280x720 (60p), 1280x768 (60P), 1280x800 (60p), 1024x768 (60p), 720x480 (60p, 60i, 50i), 640x480(60p), 720x576 (50p)
HDMI Output	1920x1080 (60P), 1280x720 (60p), 1024x768 (60p), 1280x800 (60p), 1360x768 (60p)
Recording	1920x1080 (30p), 1280x720 (60p), 1024x768 (60p), 1280x800 (60p), 1360x768 (60p) PC Recording: 1920x1080 (30p), 1280x720 (60p), 720x480(60p)

Interface

- HDMI input/output
- CVBS / YPbPr / Microphone input / Audio out

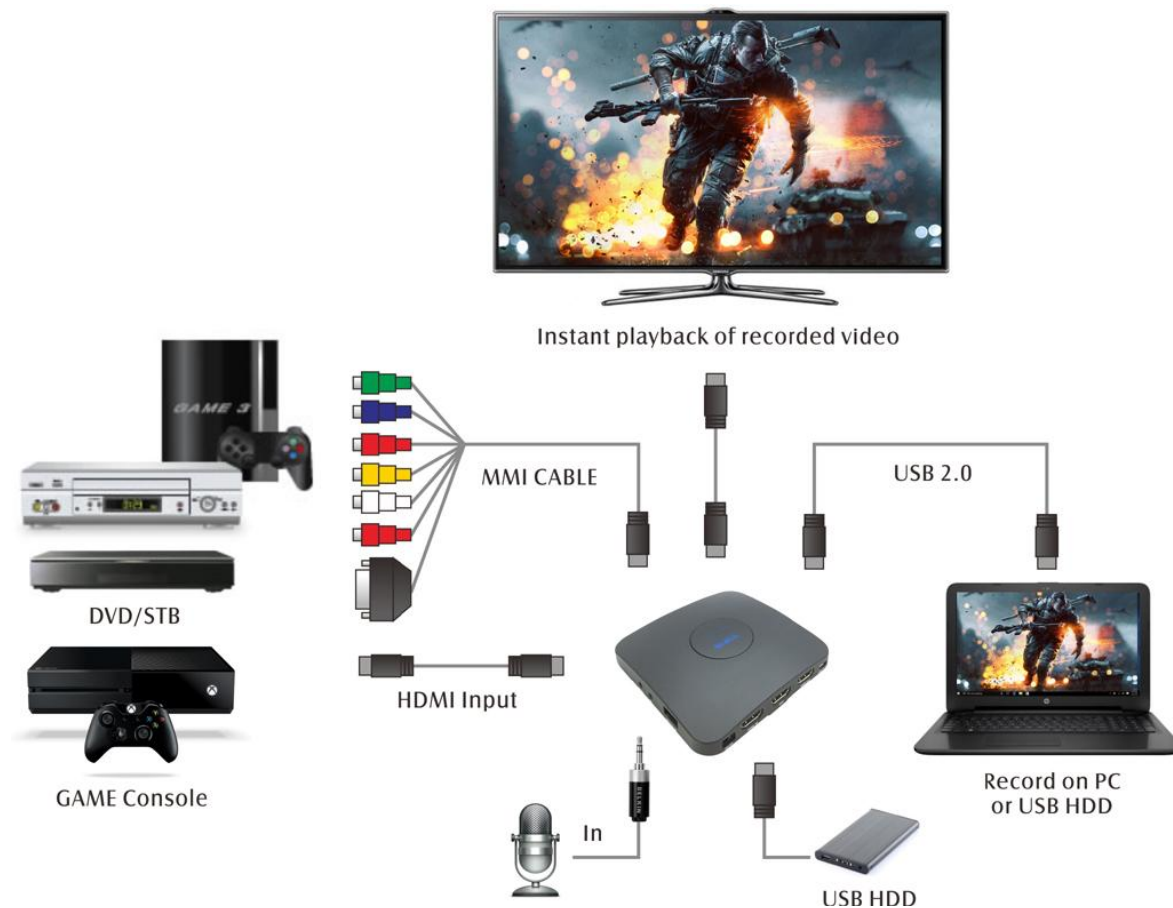

D700 UHD PVR Product Specification

- USB 2.0 hard drive (IDE and SATA/2.5" & 3.5"/7200, 5400, 4200, SSD)
- USB 2.0 output to PC
- Power 5V/2A input

Package Contents

- D700 UHD capture box
- Remote control unit
- HDMI cable
- Micro USB to USB cable
- MMI cable (Component + Composite + VGA)
- Software DVD
- Power Adapter 5V/2A
